

## ⚙️ MACHINES

Multifunction-Machine

# TPM 750/760

## ECOflex

750 with 10 stations, 8 colors  
760 with 16 stations, 14 colors,  
full-automatic, hydraulic machines  
with revolving table

photo without accessories

low power consumption

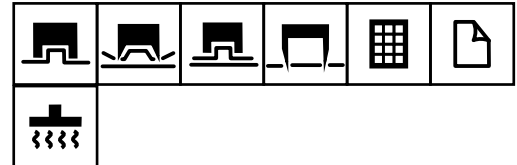

DIN ISO9001

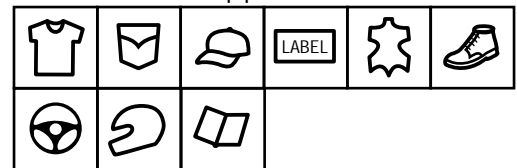

PAT. different int. patents apply

- functions: embossing, PVC / flock welding, hot-foil stamping, die-cutting, screenprinting, transfer-printing, drying, combinations
- applications: textiles, denim, caps, labels, leather, shoes, automobile, motorcycle, paper used for raw materials & finished goods like: t-shirt, caps, labels, greeting cards, signs, wood panels, metals, etc.
- features: material programs, user programs, program history, required supplies show in display, functions help menu, calculation of piece cost, 7-day timer, lock / unlock function, sample program, error messages, gallery, accessories, display of other machines, stroke adjustment, multi index, foot pedal, speed variabel, turnable touchscreen, full-automatic screenprinting, screen micro adjustment, 5 pneumatic cylinders per color, 2 squeegees per color, squeegee angle adjustable
- technical data: full-automatic color touch screen 10,4", high power speed CPU stainless steel revolving table - dismantable, diameter:
  - 750 - 3500 mm
  - 760 - 5600 mm
- workstations:
  - 750 - 10 stations, 8 colors
  - 760 - 16 stations, 14 colors
- screens:
  - 750/760 - 29x21", 730x530 mm
  - 750/760 - 29x21", 730x530 mm
- stainless steel heating plate: 750/760 - 400x500 mm
- high pressure hydraulic system: 15 tons / 200 bar / 2900 psi
- production capacity:
  - 750 - up to 800 pieces / hour
  - 760 - up to 1000 pieces / hour
- power supply:
  - 750 - 400 V / 4,6 kWh
  - 760 - 400 V / 5,0 kWh
- net weight:
  - 750 - 1700 kg
  - 760 - 1800 kg
- transformer for other voltages (optional)
- optional accessories: finished goods tables, cap frames, laser for positioning with 4 beams, silicone pad for transfer printing, die-cutting board
